Family worship program begins at 10:30 a.m. with the unprogrammed meeting for worship from 11 a.m.-11:30 a.m. All who are interested in the Friends way of worship are welcome. There will be no meeting at Toberman Settlement on Easter Sunday.

### Creative Skeptic Series Continues On Easter Sunday

On Sunday, April 22, Richard Seebode will continue his sermon series on Creative Sceptics with Jesus, the Jew. "Ye have heard that it was said to them of old time . . . but I say unto you . . . the Sabbath was made for man and not man for the Sabbath . . . Why, even of yourselves, judge ye not what is right?"

Easter is the appropriate time to consider Jesus as one of our creative skeptics. There will be full hour's special children's service in the patio.

Church service and church school held at Miraleste School Sundays at 11 a.m.

On Friday, April 20, the seminar on "Your Child and His World" will continue, at El Retiro Park. Seebode will present "Your Child and Religion," the last lecture in the series. On May 4 a summary will be held, with all the speakers of the seminar series participating.

**SPREAD TAX** Federal tax on Olemargarine was enacted in 1886.

**AMENDMENT** The Sixteenth Amendment gave Congress the power to tax incomes.

**TECHNICAL TRAINING** — West Coast Trade School instructor looks approvingly at student's work in electronics assembly. The course, just one of several offered by the school, has graduated many Torrance students into the electronics field. Classes for PBX receptionists and grocery checkers are also available at the 1611 Hawthorne Blvd., Lawndale, address.

### Public Urged to Attend Annual Meeting Of Los Angeles County Heart Association

Mrs. Belva Brase, 2435 Border St., Torrance, urged the public, particularly homemakers, to hear famous heart and blood vessel researcher, Jeremiah Stamler, M.D., speak at the Biltmore Hotel, noon, April 25, at the Los Angeles County Heart Association annual meeting. Dr. Stamler, director of the Heart Disease Control Program, Chicago Board of Health, will speak on "Heart Attacks—Can They Be Prevented."

Church service and church school held at Miraleste School Sundays at 11 a.m.

On Friday, April 20, the seminar on "Your Child and His World" will continue, at El Retiro Park. Seebode will present "Your Child and Religion," the last lecture in the series. On May 4 a summary will be held, with all the speakers of the seminar series participating.

As guardians of the health of their families, housewives have a "vested interest" in Dr. Stamler's talk, Mrs. Brase said. "He will explain in easy-to-understand language how we can help prevent the art attacks and conditions that contribute to them."

Edward Phillips, M. D., president of the Los Angeles County Heart Association, said, "Dr. Stamler's conclusions, based on his own findings and those of many other scientists, indict many American living habits. Every person who is interested in keeping or improving his heart health should hear him."

Though Dr. Stamler has addressed doctors here, his April 25 talk will mark his first public one on the West Coast.

Now attracting attention in the medical world is Dr. Stamler's latest article on the breakthrough against high blood pressure and hardening of the arteries. It appeared in "Geriatrics" in January (1962). His name appears as author or co-author of more than 100 articles in medical publications.

To order luncheon tickets at \$2.50 each, send check or money order made payable to the Los Angeles County Heart Association to: Annual Meeting Committee, Los Angeles County Heart Association, 2405 W. Eighth St.,

### IN ONE YEAR

It was one year ago, April 11, that the Los Angeles Angels began their career with a victory, a 7-2 triumph over the Orioles at Baltimore. At that time, they were an unknown and little-respected club—a new club—in the American League.
